Hi, Erin and Ghida.

Today feels so sad and weird. I'm not angry yet but I think that's coming.

I'm not sure if this is important info but a friend of mine told me her cousin's baby was grazed by a bullet. They didn't know their baby - a 3yo - had been hit until they were in the car after they ran away.

They were too scared to go to a hospital so they went home and a doctor friend of theirs stitched the baby up. So he wasn't part of the official count of people who were hit so I believe it's +1 at least.

Thank you Nic for sharing.

Hi, so I spoke with [redacted] last night. A social worker has not reached out to her yet. Should I encourage her to contact them or is there someone you know who could give her a call?

She's doing ok but not great.

Also, I would like to share part of her story with you both:

I was amazed by how much control she took of the situation. She got [redacted] out of there and she had to basically carry [redacted] off the stage because he refused to move. She said "[redacted]!? I know you've seen a lot worse shit in your lifetime but we are leaving. Now."

He told her to leave him and that he was too heavy - she said "I know I'm only five foot four but do not underestimate me." And she literally half picked him up and carried him down the stairs.

She was laughing and said it was like dialogue from a bad movie lol.

Her father is 6-4 and almost 300 lb and when he got very sick she had to carry him to help him. So she knew what she was capable of.

She also ordered [redacted] to run across the street out of the line of fire when the gun was being reloaded. She told him to go with his family who were on the north side of the street. I call her GI [redacted] now.

Be safe and check in if you can. Thanks Nic.

Is your team that was on site downtown okay?

Nic

Is your team that was on site downtown okay?

Physically yes. Emotionally no but that's expected.

They dove under the table and we're holding hands. When they evacuated the bandstand Jessica noticed the veteran had been left. She went back up and helped him down and got him to someone who knew him

They couldn't get him to leave so glad he is okay

Thank you so much

I think he was looking for his wife who was on a float

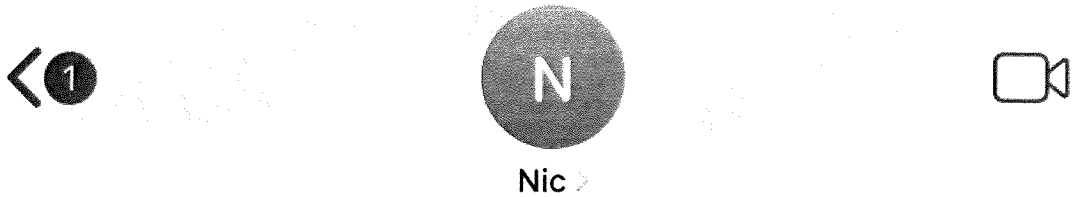
Jessica Antes (parade Emcee) isn't doing so well. I called the hospital and talked to a social worker who is going to call her. Ryan is with his family. Also gave the social worker his number.



Thank you for the swift action and all the care you have shared with not only your team but the community.

More community wide care information will be coming out

Ok thank you. I'm so glad you're ok. I cannot even imagine. It's just so awful.

The FBI is at the (likely) shooter's dad's house. He called me. I hope he doesn't do anything stupid.

Could you forward me the Lake County connection / org you mentioned for the group thing? I'm getting push back from my folks and I don't know how to explain what it is, really.

Counseling | Family Service of Lake County
famservice.org

Nic

This is the group - I'll see if I can find the description we were sent about the debrief process.

The basic gist - it's a guided conversation on the day - to talk about it together and see where each of you are at, divide your grief etc. All feedback we got across all divisions of staff has been that it was very positive and I personally found it to not be intrusive or pushy at all - just a good "take a breath together" moment.

Awesome thank you!

Saturday 7:09 AM

Here is the info:

In addition to their traditional service options, Family Service of Lake County will be offering on site Critical Incident Crisis Debriefing sessions for those wishing to discuss their experiences in a safe group setting.

Nic

Saturday 10:15 AM

Thank you!

It seems like I'm the only person who wants "a stranger" to be in the conversation. And I'm honestly a little upset but weighing my own way of dealing with things against those of everyone else on the team.

Do you think it's wise for us to "run our own meeting?"

I honestly am not qualified to say but may be worth you reaching out to Lake Co Family Svcs and asking their advice on how best to approach the discussion if it is only your team on site and not a professional.

Hi Carolyn - Can you draft a Business enews that the current perimeter will continue to remain closed for the investigation- this area entails Green Bay rd to Laurel, to St Johns to Elm Place. The city will reach out as the perimeter is reduced. For now please plan to remain closed.

How am I introducing this? Just the closure or am I connecting it to the occurrence?

Yes - while a suspect is in custody the FBI investigation will continue. This will require the following perimeter to be maintained. Insert area. Rough idea about how to help people come downtown and help our businesses in a way that isn't about an event, but an experience. Thinking about Takeout Tuesdays becoming a daily thing through the summer to help people come together casually downtown to play the oversized games, bocce, bring their own games, food - food from restaurants and listen to calming background music performed by soloists, duos, trios, quartets. Businesses could set up and mingle if they'd like. People want to support businesses but will have trepidation for awhile. At the Lot they'd be near the heart of downtown, but far enough away. Obviously we have to discuss with PD. I think we'd need an officer by Chase so people wouldn't think about someone gaining access to the roof. Park District could help. Volunteers could help man The Lot.

There are so many people and groups who have been wanting to help we may be able to capture some of those groups to help too.

therapists would volunteer to be there too - or maybe we don't want to mix the two

Agree- This going to take all hand on deck

Yesterday 8:10 PM

Yes, but I didn't make a note of the time

AC It's not really a press release though — just a statement from the city

AC Just talked with Ramesh — we will do a banner/plastic slide (depending on what IC says) for the kiosk by Walker Brothers. I will have IC rush the order. We might be able to get a temp poster from Staples.

AC

Amanda

I'll talk to Ghida

If we are doing this we need to get going on it

I have a strong bilingual press list

Tell him we did a media advisory and invited them to this

So I'm not concerned about that

I'll talk to him tonight

OK! Lmk what he says. It's not a big issue, I just feel like we just need to plan for it rather than changing course at the last minute tomorrow. For something high profile like this I would much rather know tonight so I can plan and knock some things out tonight

Plus more of a heads up to the media would probably be appreciated

Even if notice went out later on tonight

AC

How does turnout look?

On our our way to you two

Mon, Jul 4, 3:01 PM

Statement: This morning at 10:14 a.m. our community was terrorized by an act of violence that has shaken us to our core. Our hearts go out to the families of the victims during this devastating time. On a day that we came together to celebrate community and freedom -- we are instead mourning the tragic loss of life and struggling with the terror that was brought upon us.

While we have all felt the burden of this terrible act -- I want to pause to thank the first responders who ran towards danger to render aid during this active shooter situation. We saw individuals who responded selflessly and put themselves at risk to save others.

At this point we know that six people have lost their lives, and we are grieving for them and their families. Another 24 have been transported to the hospital.

Multiple agencies including the FBI and State Police are working with our local authorities and the Governor has offered his full support.

What we know at this time is that this is an active situation and we urge everyone to remain indoors and be on high alert, but remain calm.

FYI

Thx will post

Oh dear

So one enterprising journalist called my dad trying to get hold of me

Oh my Gof!

My niece in law to be is a reporter in Rockford and called me - I said send a press request

Lol

My dad was not amused

I have a tentative schedule I am hoping Nancy can make work

Amanda

I stuck to the party line and said that the city would share info when it became available

Thank you.

I just wanted to ask because some requested both

All set with joint release template. Is copy ready? Sorry to keep bugging you

You're the best! Thanks

Do you need anything from me re: mayor?

Lou went off the cuff so now we are going different route. Lots to discuss later.

Michelle is doing it...

I sounded like an absolute idiot to two different reporters

I am certain you did not 🤍

We will check on Lou

Oh I did

She informed me that there was a briefing I didn't know about where the info was shared

It was an interesting conversation

It wasn't.

Amanda

Thank you. Can you make a joint groups PR template

And yes.

They want to get it out there especially as we are in pause waiting for mayor

Sorry I would call but cannot

On statement to public agree but because PD jumped the gun now we are e waiting for mayoral statement.

Ah ok. I still feel like like a formal PR from the city in line with what we have been issuing in addition?

Oh ok

Just replied to that group that you'll send final to all.

Sent you edits to review

Amanda

Just some additions to the second paragraph

Much better

I say let's run with it -

I will share with the group for final approval

Wait for 113 or issue?

Can you add high school address and resend to everyone final draft.

And thank you 🤍

Sure thing!

Will resend doc and pdf, then issue? Or do you want to see if Karen will look at it

I think just redo and issue

I managed to eat a little

Let's chat when it goes up okay.

Wait did you lose power!

I just walked in and we still have it.

It's flickering

Brian says OR if you need to come spend the night we have room!

Aww! We're good! Thank you though!

The power is back on and I am still getting media calls

Do not answer - you need a major recharge

And if you need to talk at ANY time you can always call.

Haha it's all juggling Nancy's roster for tomorrow

Tuesday 5:30 AM

I don't think I like this 5 am thing

Amanda

Will do. I know you're juggling a lot of Mayor interview stuff today however we have to be ready to go regarding a release on arrest which will most likely take place on or before 10am. If I can gather and put statement together and you can blast (and we can figure out how I can help better with that end too) working from home shouldn't be an issue at all.

Your list last night re: popular questions etc a good place for us to start today with gathering. I'm getting ready now to head in.

I'm fielding lots of other questions too

Do you want me to just come in?

Maybe skip out early

To work evening from home

Are you sure?

Can you drive though, I have less than 4 hrs sleep...

Amanda

I am actually thinking I would like to work out of City Hall today. Was just typing you and Ghida this, actually. Less than 48 hrs ago I was literally steps away from the epicenter, and from that moment on have been going nonstop. That's okay, because I am someone who does well in high pressure, deadline driven crisis situations, but yesterday's environment was not okay. I am looking at this from a mental health perspective and that is my priority right now, so that I can continue to perform at a high standard for our community. Happy to discuss further but I think this is all I should put in a text

Short version is thank you so much! But I'll be OK driving today

I completely understand.

Thank you! I'm pretty sure we're on the same page but you know it's not because of you

Amanda

Are we prepared to publicize the vigil?

It's in Carolyn's Q&A that I'm editing

No

Thought so, thanks!

Thank you

I'll let the mayor know yes on bells, we are working on clear channel and can discuss off text

I know you were working on vigil notice - did you have a draft?

I am working on it but I need details

Can we talk after your meeting?

Amanda

Ghida says no details for announcement

7pm city hall lawn

Come together as a community

We can issue a media alert with the language we've already been using, but I think it would be good to provide more details when available. I wouldn't do a stand-alone email with basically just the short para we issued yesterday.

I can put a media alert out now but is it reasonable to target this afternoon to have more details do you think?

Lou, this is Kristen Ziman from Aurora PD. I refrain ed from contacting you yesterday because I recall how insane it was for me the day of our shooting. It wasn't until the next day that the emotions began c reeping in so I first wanted you to know that you ar e not alone in the pain you are feeling. If you need to talk through it or just want to vent, I am here to s upport you.

Dates:7/6/2022 12:52:21 PM

Greatly appreciate the reach out Kristen. I reflect b ack on how well you handled your incident and I kn ow now that just how well you did was miraculous given all that goes on. As things slow, I'll definitely t ouch base.

I'll reach out to him again 8:51 PM

Probably not a bad idea although he appears alright 8:52 PM

Once again, I really just want to let you know as their supervisor that Hansen Lodesky and shaughnessy were absolutely rock solid. I'm not leaving others out deliberately, they're just who I happened to link up with them. Don't hesitate to tell them that if you want 8:53 PM

Dates:7/6/2022 3:22:32 PM

I saw the link ILCMA shared but want to make sure we are sending people to the right place for donations and support.

I haven't seen the ILCMA link, but the only donation fund we are sharing is the Highland Park Community Foundation. https://www.hpcfil.org/july-4th-highland-park-shooting-response-fund/
